Vision

I am moving into my second year as AD and a coach here at CCHS. My first year brought some truly wonderful accomplishments in regards to team and individual athletic awards. We saw our athlete's GPA rise as well as the spirit level of the entire campus. Here at Chavez, we are experiencing a program that is becoming a tradition. A place people will miss and others will want to come to. It is my personal hope that in the coming years I will be able to see our athletes competing in college venues and beyond that in life.
