

## Principal's Message

On behalf of the Cesar Chavez High School staff, I wish to welcome our students, parents, and our community to our athletic event. As we move to our third year of operation, we should all be excited about the new opportunities this year will present. This will be the first year in which all four-grade levels will be present on our campus. This also means we will be graduating our first senior class in the history of our school.

Our seniors will be the first senior class from a Stockton Unified School District comprehensive high school to graduate from a school not named Stagg, Edison, or Franklin in more than 50 years.

CCHS is a community that works together to provide our students the best opportunities, both in the classroom and on the athletic field so that they can reach their potential. We here at CCHS are proud of the effort our staff and students put forth daily in their efforts toward academic and athletic excellence. As you enjoy the game, you will be witnessing history, as our teams will be attempting to break the records and start the winning streaks we established last year, which was our first year that we competed at the varsity level.

Tonight, you will see some of our students cheering and performing during the athletic contest. The entire event before you is a collective effort of a community that exudes the Titan spirit. Go Titans!
