Date: January 10, 2012

Public Session 7:00 p.m.
Board Room

NOTICE OF PUBLIC HEARING

ADOPT RESOLUTION APPROVING ENERGY SERVICE CONTRACT PURSUANT TO GOVERNMENT CODE SECTION 4217.12

The Stockton Unified School District (the "District") will hold a public hearing on January 10, 2012, at 7:00 p.m., for the purpose of taking public comments and adopting a resolution making certain findings, and authorizing and approving an energy service contract with Energy Education, Inc. that is designed to save dollars that the District can reinvest in the people it serves; preserve a quality learning environment for the District's children; conserve energy for a positive impact on the environment; and increase awareness to empower energy users to be energy savers. The energy conservation services provided by Energy Education, Inc. are in accordance with the energy conservation goals of California Government Code sections 4217.10 to 4217.18.

The District shall consider adoption of findings that is in the best interest of the District to enter into the energy service contract with Energy Education, Inc. for implementation of energy conservation measures at the District's facilities. The District shall further consider adoption of findings that the anticipated cost to the District for thermal or electrical energy or conservation services provided by the energy conservation facility under the contract will be less than the anticipated marginal cost to the District of thermal, electrical, or other energy that would have been consumed by the District in the absence of those purchases.

The public hearing will be held at the Stockton Unified School District, located at 710 North Madison Street, Stockton, California 95202. Any person wishing to comment will be given an opportunity at the public hearing. For additional information, please contact Steve Breakfield at (209) 933-7045 ext. 2341.
